

BASE MICROPHONE

* ECHO & REVERBERATION

* DUAL ROGER BEEP

* PREAMPLIFIED

Galaxy

*Echo Talk Lock
Roger beep*

Technical Details:

- * Echo/Reverb: Variable Volume and Delay with Sliders Accessible on Top of the Mic
- * Amplification Control: Variable Modulation Control Allows you Adjust the Maximum Control on How Loud You Want To Be.
- * Push-To-Talk Lock Switch
- * Adjustable Swivel Gooseneck Boom
- * TX/Battery Indicator LED
- * VU Modulation Meter
- * Roger Beep with Switch
- * Operates on 9V Battery Battery (not included)

*Length: 6 3/8"

*Width: 4 7/8"

*Height: 1 1"

*4" Coiled Cord

*Type of Microphone: Electric

* Sensitivity: -30dB

* Output Level: From 0V to 1.4V

* Frequency Response: 200-3000Hz

* Output Impedance: 1K Ohm

* Load Impedance: 50 Ohm-100K Ohm

* Echo Delay Time: 50-200mS Adjustable

* Roger Beep TX Time: 1.2 Seconds Approximately

* Current Drain: 8mA (TX)

* Power Supply: One 9V 6F22 Alkaline Battery

* Battery Life: Over 120 Hours
